

## 10: Stability and Reactivity

Chemical Stability	The product is stable under normal conditions.
Possibility of Hazardous Reaction	No hazardous reactions when stored and handled according to label instructions.
Conditions to Avoid	Extreme heat and temperatures.
Incompatible Materials	Strong oxidizing agents.
Hazardous Decomposition Products	None known.

## 11: Toxicological Information

Ingestion	Considered to be of low toxicity. Ingestion of large amount may cause gastrointestinal upsets.
Eye	Can cause reddening of the eye and irritation.
Skin	Prolonged skin contact may result in dermatitis due to the defatting of the natural oils in the skin.
Inhalation	Inhalation of spray may cause irritation of the nose and throat.

## 12: Ecological Information

Ecotoxicity	No data available.
Persistence/Degradability	Not expected to persist in the environment. Surfactants are classified as readily biodegradable according to AS4351.
Bio-accumulative Potential	Has limited potential to bio-accumulate
Mobility in Soil	No data available.

## 13: Disposal Considerations

Disposal Methods	The most effective way to dispose of product is to use as was originally intended, in accordance with label instructions. If disposal of large volumes of unwanted or excess product is required, either supply to product to someone who can use it in accordance with label instructions or contact your local council and/or state environmental authority for advice. Dispose of in accordance with Local, State and Federal regulations. Drain containers thoroughly and rinse empty containers with water and use the solution in accordance with label instructions. Recycle packaging at an approved collection point or recycling facility.
